Professional Experience

Walstar Technologies, Python Intern

- Ongoing

- Designing and developing an ongoing social media post automation system using n8n for workflow orchestration.
- Building the backend with Django and Django REST Framework, creating RESTful APIs for post scheduling, media management, and workflow-database integration.

IIT Bombay | Edtech Intern

07/2025 – 09/2025

- Developed and debugged a real-time academic notes-taking platform using OOP principles, RESTful API development, and clean software design architecture.
- Collaborated with cross-functional teams and contributed as an independent developer for feature implementation.

Web Developer | Dyanda Solutions pvt.ltd

7/2022 – 8/2022

- Acquired practical experience in backend development, including database integration and implementation of server-side functionality using PHP.
- Developed a full-featured E-commerce web application with user authentication, cart management, and payment gateway integration

Projects

Web-Based Application for Mobile Shop

- Designed and developed an e-commerce platform for browsing, comparing, and purchasing mobile devices
- Programmed secure login, product search, and purchase workflows for improved customer experience

Krushidhan Farmer App

- Developed an Android application to empower farmers with access to schemes, cultivation practices, and support
- Simplified access to vital agricultural information with an intuitive mobile interface.

Product App Using Spring MVC

- Enabled users to add, update, delete, and view product records through a responsive web interface
- Designed database schema and handled data persistence using Hibernate and MySQL.

Industrial Projects

Monitor Melting Temperature of Furnace

11/2024 – 03/2025

- Developed an industrial furnace temperature monitoring system using Raspberry Pi 5 to collect sensor data, store it in PostgreSQL, and trigger alerts on threshold breaches.

Technical Skills

SQL (Basic): Joins, Subqueries, Aggregations
BI & Reporting: Power BI (Basic)
Frameworks: Django, REST APIs

Databases: MySQL, PostgreSQL
Programming: Python, Java
Dev Tools: Jira, Git, GitHub

Education

B.Tech in CSE(Data Science) D.Y. Patil College of Engineering and Technology

2023-2026

- CGPA: 8.17

Diploma in Computer Engineering Institute of Civil and Rural Engineering, Gargoti

2020-2023

- CGPA: 8.88

Certifications

Oracle Java Foundation • Java SE8 Essential Training • Database & SQL
